THE 1970 SENIORS

PRESENT

THE RUSH CITY TIGER

WE THE 1970 SENIORS DEDICATE THIS ANNUAL "TO THE ONES WE LOVE"

Where does happiness come from?
What makes happiness start?
How does it come out of nowhere
And into a person's heart?
Sometimes it's part
Of a dream that comes true.
Or perhaps it's just doing
What we like to do.
Happiness comes from laughing -
Laughing together.
And from a bright change
In some unpleasant weather.
Happiness comes
From a prayer we've said.
It's the feeling we get
When we're tucked into bed.
We're happy because of a
New friend we've met.
Or because of a gift
We hoped we would get.
Sometimes happiness comes
Without any warning
It may beam in our window
First thing in the morning.
Happiness comes
From a secret we shared.
Or from a special surprise
We prepared.
We often find happiness
In learning new things.
In a job we've done well
And the praise it brings.
It is found in the wonder
Of the blue sky above.
In the magic of being
With someone we love.
And when happiness seems
To be nowhere around
Remember - it's waiting
Just to be found.

STUDENT COUNCIL

PRESIDENT: Kathy Anderson

VICE-PRESIDENT: Pam McDonald

SECRETARY: Kim Brooker

TREASURER: Jan Cook

REPORTER: Neil Anderson

The Student Council is an organization which represents the students views in school affairs. So far this year, it has eliminated our dress code, brought us a foreign exchange student, sponsored individual pictures, and organized Homecoming activities.

The Rush City Council participates in state and regional meetings and workshops to get new and better ideas.

A FRIEND FROM BRAZIL

BRAZIL--December 17th, 1969--On this day I left my Brazil, my people, to stay here a little less than 3 months with you here in the United States. I came to the United States intending to meet its people, learn its language and maybe find one second native land.

Although today I cannot speak English like I speak Portuguese, I feel more at ease speaking your language than when I arrived in Miami. For me the best teacher for one idiom is one people that speak this idiom, and you have helped me a lot in this.

All the American people that I've met since I arrived in Miami have received me in the best manner possible. Although you have different customs here and a different way of life, I am feeling at home here as I do in Brazil. About you, when I go back to Brazil, I only will speak well, because to me you been 101% good friends.

I have found my second native land. In many ways the United States is beginning to have special meanings and memories for me. The Walkers, my American parents; Mr. Collins; my teachers; the Rush City High School students and the Rush City people to me are the people of my second native land and I find it very good.

PAPER STAFF

Editor--Gail Gaustad, Jr. - Editor--Kim Brooker.

The Tiger's Pause has undergone changes this year. It has been published by the students monthly and sold on an individual basis. It has strived to create a truly STUDENT school paper--one in which the students would have a chance to express themselves and their views concerning current issues. It is hoped that the paper has succeeded in this area and that it has influenced more cooperation and understanding between the community, the faculty, and the students.

A.I.F.S.

"So this is Paris," were our words on the morning of Wednesday, June 11, 1969. We went through the city quickly, but not before we sighted the Eiffel Tower; and the Arc de Triomphe. We were well initiated to the buses on that first day. From then on it was not unusual to hear someone say, "I feel like I was born on a bus!"

We spent the first four weeks in Vichy, France. One weekend we went to Geneva, Switzerland, where we went to the top of Mt. Blanc. Another weekend brought us to the beautiful French Riviera.

Our group found lodge at the Hotel Royal, during our stay at Vichy. We also attended French classes for three hours every week day. We found that we had to learn some simple French in order to survive, practically. Most of the people were friendly and kind to us. We caught on to many of their ways of life quickly. Their custom of eating slowly and in several courses proved to be very popular with us. Their outdoor cafes found a place in our hearts from the very start. We found our way to French pastry shops every afternoon. The city was large and the streets were crooked and NARROW. There was a huge park across the street from our hotel. The famed Vichy water centers, along with the Grand Casino was located in the park.

In French clothing stores, we found out the clerk accompanies one into the fitting room.

On July 10, it was a quiet group that stood in front of the Hotel Royal. It was our last day in our beloved Vichy. The morning had been spent saying goodbye to our cookie lady and our maids. It was indeed difficult to leave.

The next few days found us in Paris again for a more thorough tour.

Then it was across the English Channel, where the English language came to our ears once again. We didn't think it would ever sound strange to hear someone speaking English. We stopped in Canterbury and Cambridge on the way to London. Cambridge found us in punt boats on the river Cam, where some of us found ourselves jumping in, to cool off.

London was great for shopping. Everything was so inexpensive! It was an enchanting city. It was a paradise for the young. We enjoyed ourselves at a Fantastic discotheque on our last evening in London and Europe.

With Heavy and tired hearts we boarded our plane at Gatwick Airport on July 18, and started our journey back home. We knew we had just completed a lifetime experience. We now often stop and think about some of our memories which will stay with us forever.

We would like to express our appreciation to Madame and Monsieur Bill West for making this dream a reality.

Meet our A-team cheerleaders: Cathy, Kim, Kathy, Heidi, Mae, and Sue. I'm sure all of you recognize these girls since they are always trying to get spirit into R. C. H. S.

One thing they are known for is all of the signs they have been putting up. And of course, they are always there to lead us at pep fests, as we all cheer the team "On to Victory!"

HOMECOMING 1969—1970

"Susie, Linda, Cami, Cindy, -and Jackie are the 1969-70 Homecoming-queen candidates." This announcement was the beginning of the fun filled week. Colorful signs were put up all over the school: campaign signs for the girls; and victory signs for the team. The teams practiced hard for the big game; the band worked hard on there half time performance; and the Royalty and the Pep Club practiced for the coronation.

On Monday, speeches were given for each of the candidates and then the candidates introduced some entertainment. Later that evening, the Juniors were in charge of the bonfire. They had trouble getting us away from the fire because it was very cold.

The excitement of coronation began early in the day with the girls getting there hair fixed; the Seniors completing the decorations; and the Pep Club practicing their skit for the last time. After the skit, "Cheerleaders through the Ages," the co-captains-Dave and Skip gave a pep talk. The Madrigal group sang a few songs. Then came the suspense when '68 queen Mary walked in and out the contestants with the crown one of them would soon wear. Screams echoed through the audience as Susie was crowned. After a few moments of composing herself, Susie gave a tearful but happy pep talk to the team and audience.

Then came the game against Taylors Falls in the mud. The band was unable to perform its half-time entertainment because of the rain. Dave, Warren, Rich, Butch and Tony went out there and helped win the game for us. After the game, the Pep Club put on a dance at the school with a band called the "Blue Mist." Thus ended Homecoming '69.

"LOVE IS BLUE" — PROM 1969

We can't forget our "Love Is Blue" Prom last year. We got out of school to decorate, and it really turned out beautiful. The church and the gymnasium were both decorated for the banquet and the dance. We constructed a gazebo, trees and many flowers. It was a lot of work and a lot of fun! The Sophomore girls were the waitresses at the banquet. After we ate, a class prophecy was read. Then on to the dance. The Top Brass provided the music for the evening. After the dance many of us went out for a bite to eat. It was a most enjoyable evening.

SENIOR HAPPENINGS

On August 28, 1969 sixty-three Seniors slowly walked into RCHS. Whether it was because they didn't want to come or if they were tired, I'm not sure. Maybe they were tired because the night before there had been a little get together at Pammi Lu's cabin. Some of the recreation included swimming and dancing by the moonlight. Jo backed into a tree after getting soaked when Janet and Pam accidently?? tipped the canoe. After Pam checked out the clothesline, she and Janet, Jo and Linda did an original French dance, singing "mouchy, mouchy na-na-na." And the fun rolled on. Like Barb says, time sure flies when you're having fun. Until morning came, then we dragged ourselves to our cars. When we got to town we played "follow the leader" with some other seniors who didn't want to go to school yet. There was a '64 chev, a 64 ford, a Thunderbird and a few others.

When Vicki registered, she said she was interested in music and ART?! Soon Mark called our first meeting to order. We've been a long time a brewin, was one of the suggestions for class motto. We decided it wouldn't go over too good though. Mark got a lot through for us this year. For instance our class trip, which we are going to have outside the school. The executive council worked hard on it, when they felt ok. Mark also got us a Senior study-hall this year. That meant we didn't need passes, and we could listen to wild music on the radio or record player. Best of all we didn't have any one in there to yell at us. We also had a quiet study hall, but I think Adell or Brad know more about that.

River parties were quite popular before it snowed. Janet got kind of shook though, when she lost Mark L. in the woods and ran into a skunk! Then there was the time Alton kicked Jim R. in the knee. John, Jeanne, Linda, Cindy and Susie won't forget the time they went swimming by accident either.

A day with the Seniors might go something like this. Mike and Pat skid in on their motorcycles. Randy and Cammie pull up in his Nova. Arlie drives up on the sidewalk in his vet. A bunch of girls walk in with their wierd hats, and start yelling "Ho" at each other. Fred walks into English and falls asleep. Randy doesn't have a speech, for his favorite class. Dallas gives another one of his Joe Perfect speeches. Someone drops their class pictures, and breaks the case for the tenth time. Betty N. daydreams about San Diego. Social Sass Hour begins, starring John Mell. We have an airplane throwing contest. Dave A. says he ain't gonna do nothin' not nohow. The big Eaters go to lunch. Some boys put a little kid down the hole in the alcove. Senior study hall doesn't study. The mad rush out of school at 3:30. Ed goes to work at the Plastic factory no matter what.

The weekends for the Seniors are lively too. Sometimes they go to Lakeside dances, or Gary, John and Warren might enjoy a game of football. The Covenant Church might have a hayride with some unexpected visitors. Or they they might go to the rink, starlite, or Bill's place.

Last year we gave the play "The Wizard of Oz." Debbie almost lost her voice from screaming. After play practice we would often go to the Starlite. One time somebody opened a can of pop in Kathy's car, and it got all over.

On Nov. 22, 1969 the curtain finally opened for "The Crucible." Bob's performance in the third scene was really something else! We'll never forget our adventures in the music room before going on stage. Gail and Betty B. decided they might become professional painters after painting the props about five times. We had some great times with our plays!

We can't forget our "Love Is Blue" Prom last year either. It really turned out beautiful, although it was a lot of hard, but fun work.

We've had a good time through the years and it is sad that we are leaving here and starting our own lives. We are happy too, that we have made it this far, and have made so many friends and have so many cherished memories. After we leave we will return many times, although it will be only in memory.

A rose will bloom, it then will fade. So does a youth, so does the fairest maid.
William Shakespeare
